Gelding Foaled May 7, 2015

Consigned by Daniel and Debra Yoder - Rock Valley Stables

5241 Hilltop Dr, Strasburg, OH 44680

Bred by Carl Macomber

Body chestnut, mane and tail white. Star and Snip. 59"

"Max" is well trained to ride and drive. He rides well out on trails, whether in a group or by himself. He crosses creeks, climbs up, and slides down hills. Safe and sane, he will give you a relaxing ride. In the arena he walks, trots, and canters in either direction. He picks up both leads, is schooled in leg yielding, shoulder in, and haunches in, and has been introduced to half passes. He also does great in harness, whether in the carriage on the road, or double in the field. He's an all-around horse that is loads of fun. 100% sound, and no vice. Dakota was trained very well when she was a younger horse and was well suited for younger children, however due to her previous owner's health she was not handled for the last few years. We have been riding this mare for the last 60 days and she is doing exceptionally well. We have not driven her recently.

"Annie" is a very sweet and gentle 17 year old mare, with lots of experience written under her beautiful coat. She has seen it all in farm machinery, been driven single and double. She was hitched to young colts to give them guidance and did absolutely excellent. Annie is very gentle around the barn and will be happy if children brush her all day or will happily give rides as well. She has been on trails and through creeks, she is a joy to ride and will move off leg cues. Annie has been introduced to the bull whip, tarp, and numerous other obstacles, as well as picks up both leads easily. You can run her out to pasture for 2 weeks and bring her in, and you will still have the same horse. We love her and so will you!
